

The Molecular Cardiovascular Research Program
(MCRP) presents:

Friday Heart Conference

CMM 596A: Seminar in Cardiovascular Biology
Spring Semester 2025

SHC 4137 9:00 - 10:00 a.m.
Sarver Heart Center Room 4137

Friday, January 17th, 2025

**“Assessing diastolic mechanics in
HFpEF with working myocardial slices”**

Dr. Matthew A Caporizzo, PhD

Assistant Professor of Molecular Physiology
and Biophysics
University of Vermont
