

THE UNIVERSITY OF ARIZONA
COLLEGE OF MEDICINE TUCSON

Infectious Diseases

ID Grand Rounds

Stephanie G. Worrell, MD

**“Fungus in the Chest:
when, how and why to operate”**

Tuesday, March 26, 2024

8:00 – 9:00 a.m.

AHSC 8403 & Zoom

Stephanie G. Worrell, MD, is clinical associate professor and thoracic section chief in the Division of Cardiothoracic Surgery, in addition to the associate program director of the General Surgery Residency Program. Dr. Worrell completed her fellowship in cardiothoracic surgery at the University of Michigan and her residency in general surgery at the University of Southern California in Los Angeles. She received her medical degree from the Creighton University School of Medicine. Dr. Worrell is active nationally in many societies and holds numerous leadership positions including secretary for the Women in Thoracic Surgery organization, chair of the Esophageal Cancer Guidelines through the Society of Thoracic Surgeons, and member of the workgroup on evidence-based guidelines and the workgroup of the annual meeting. She has published many peer-reviewed articles on thoracic surgery, with a focus on outcomes and treatments for esophageal and lung cancer, and she is currently an associate editor of the *Foregut Journal* and section editor for the Society of Thoracic Surgeons Curriculum. Dr. Worrell is board certified in both thoracic and general surgery.
